

**Attachment A.2. Summary of Storm Water Education Activities**

**Individual Annual Report, Section IV.A.**

**Comment:**

The following summary details the City of Hidden Hills's storm water education activities conducted and/or participated in during the 2010-2011 reporting year:

- As required by the Permit, the City participated in all quarterly Public Outreach Strategy meetings hosted by the County.
- As indicated in the training summary attached to this annual report, City staff were provided with detailed training on Development Planning and Construction Programs, PAAP & IC/ID Program, and SQMP requirements that included the mandatory annual refresher training required by the Permit.
- The City conducts a variety of education and outreach activities under its recycling programs (AB 939, Dry Cell Battery, and Used Oil Recycling Programs) which contribute to the proper handling and disposal of all types of waste products.
- The City contributed funding to the County's annual Countywide Media Campaign.
- The City conducted a review of the County's websites providing storm water public education and outreach materials to identify materials for use in the City's program.
- Distribution from the public counter at City Hall of various public education and outreach materials.
